CVV Number (see explanation below): _____

Name as shown on the card: _____

Signature of the cardholder: _____

Complete Billing Address for the card: _____

Phone # _____ When is the best time to reach you at this number? _____

Fax# _____ Email _____

Explanation of the CVV Number:

CVV is a new anti-fraud measure that is being introduced by credit card companies world-wide. It is required that consumers provide the CVV number for transactions in which they are not present to sign for each payment, such as for charges to this Internet account. The CVV number can be found:

Visa & Mastercard – On the signature strip on the back of the card. Look for 3 digits on the right side of the signature strip.

American Express – On the front of the card. Look for 4 digits above and to the right of the card number.
